Appointments

If you would like to make an appointment for the same day, this is only possible by calling the assistant between 8:00-10:30. You can also contact the doctor through MijnGezondheid.net, you need your DigiD.

Front desk

Would you please sign in at the front desk if you have an appointment.

Because of too little privacy, please refrain from using medical information. We can't make an appointment for you at the front desk and we can't repeat your prescriptions.

Consultations

Consultations are only by appointment. An appointment lasts for 15 minutes. If you need more time please tell the assistant.

Do contact us in time if you can't come to the appointment, someone else can use your time.

Prescription line and prescription e-mail

The prescription line and e-mail is available 24 hours a day and 7 days a week. You can call the prescription line with option 2 and the e-mail through recepten@mcloudon.nl. You can pick up your medication at the pharmacy the next day after 3 pm. You can also repeat your prescription through MijnGezondheid.net.

Role assistant

They will make the appointments. You can call them for results of your blood test, injections, remove stitches, wound control, ear cleaning, treatments for warts, pap smear test and blood pressure measurements.

Triage by the assistant

If you would like to make a doctor's appointment will ask you about your symptoms. This way she can suit the appointment to your needs.

The assistants are specially trained to triage and possess sufficient medical knowledge. There are medical complaints and questions the assistant, on base of certain protocols, are able to handle independently with a self-care advice. These advices are always discussed with the doctor. The assistants have also medical confidentiality.
